# Christian Iheacho

Dublin Ireland | +353899765434 | [iheachochristian@gmail.com](mailto:iheachochristian@gmail.com) | LinkedIn

## Summary

Experienced Frontend Developer with a strong track record in building scalable React applications and optimizing web performance. Proven ability to improve page load speeds and integrate API-driven functionality while ensuring cross-browser compatibility and accessibility. Collaborative team player skilled in modern front-end tools and practices, consistently enhancing user experience and streamlining development workflows.

## Skills

- **Frontend:** React, React Native, Redux, HTML5, CSS3, Tailwind, Vite, Webpack, JavaScript, SASS
- **Backend & APIs:** Netlify Functions, Supabase (PostgreSQL, Auth, Storage), RESTful API Integration, Webhooks, API Development
- **Tools:** GitHub, CI/CD, Jest, Cypress, Zapier, HubSpot, Mulesoft
- **Concepts:** Technical Integration, Performance Optimization, API Security, System Administration, Accessibility
- **Other:** TCP/IP Networking, XML, Agile/Scrum, Excellent communication & customer service, UI/UX Knowledge

## Work History

### Institute Of Sustainability Studies Limited                    Oct 2023 - Present
*Frontend Developer | Technical Integration Manager*

- Implemented UI features using React and Tailwind, leveraging HTML5 and SASS best practices to enhance performance by 40%.
- Integrated internal systems with third-party platforms (Thinkific, HubSpot, Accredible, Brillium, Zapier, Zoom) through RESTful APIs and serverless functions, reducing manual tasks by 60%.
- Established CI/CD pipelines that reduced deployment times from hours to under 10 minutes.
- Optimized JavaScript performance, decreasing execution time by 35% and enhancing mobile responsiveness while considering reusability of code.
- Collaborated with multi-functional teams to improve the onboarding experience, boosting user satisfaction by 25% and incorporating accessibility considerations.
- Scaled backend operations using Netlify and Supabase, which supported API-driven development and increased data reliability and operational efficiency.

### Onlypass Africa                    Nov 2022 - Sep 2023
*Technical Integration | Frontend Developer*

- Designed and implemented scalable frontend components with React, Redux, and Vite, ensuring cross-browser compatibility and reusable code practices.
- Developed a secure REST API with Node.js, Express, and MongoDB, improving data throughput by 30% and reducing latency by 25%.
- Directed API security initiatives that reduced vulnerabilities by 40%, aligning with best practices and modern development methodologies.
- Maintained comprehensive API documentation, increasing developer efficiency by 20% and supporting collaboration with backend teams.
- Bridged technical requirements between product teams and development, ensuring alignment with multi-functional objectives and quality delivery.

### Jarsoft ICT Solutions Limited                    Nov 2018 - Sep 2021
*Integration Specialist & Frontend Developer*

- Integrated CRM and analytics platforms, improving data flow and business intelligence.
- Created reusable UI components and enforced best practices in React development, shortening development cycles.
- Mentored junior developers and supported engineers, leading to improved team delivery.
- Spearheaded cross-functional meetings to ensure smooth API and frontend integrations.

### GreyFinch ICT Solutions                    Mar 2015 - Oct 2018
*Frontend Developer*

- Developed and maintained responsive web applications using HTML, CSS, and JavaScript, improving cross-device compatibility.
- Collaborated with design, product, and sales teams to build user-centric interfaces that aligned with business goals.
- Refactored legacy UI components to improve performance and maintainability.
- Prioritized and delivered features on time in a fast-paced team environment, contributing to successful project launches.

## Education

**Griffith College** | *Master of Science, Computing*                    Nov 2022

**Imo State University** | *Bachelor of Science, Computer Science*                    Oct 2012

## CERTIFICATION

- Professional Scrum Master I
